

"When I arrived to treatment, I was a mess and living a run-down life. I can't put into words what I have learned from each recovery team member. I waited two years for this help! With all: I give thanks and gratitude."

– Alumni

"I was scared, but I didn't have to do it alone. Recovery staff held my hand every step of the way. I had time to heal and rebuild trust in myself and the world around me. Three years and three months later, I am still clean. I owe my life to Crossing Recovery Services."

Our Promise To You

We understand that making the decision to seek treatment is a difficult one. Crossing Recovery Services' goal is to provide support and compassion from your first call to our Admissions Team, throughout your stay and beyond. No matter where you are in your recovery process, our team is dedicated to providing you with the tools and support needed to maximize your potential for lifelong recovery.

1 Assessment

Call us at (217) 330-5676 for a free and confidential assessment.

Our Admissions Team will:

- Talk to you about your health, drug/alcohol use, home and work life, and support system.
- Conduct a medical screening.
- Answer any questions you may have about treatment.

2 Treatment

Following your assessment, our Admissions Team will work with you to determine the level of care that best supports your path to recovery.

3 Schedule

After your treatment course is determined, our Admissions Team will help you prepare for inpatient or outpatient treatment.

*Transportation accommodations may be available upon request and are contingent upon specific considerations.
